

**World  
Scholarship  
Organization**

# 1. Our Mission

To empower underprivileged youths through education to break a cycle of poverty and become valued members of their communities in developing countries.

## 2. About us

- Founded in 2013 in a Japanese community in Sydney.
- Registered with NSW Fair Trading in 2013.
- Registered with ACNC (Australian Charities and Not-for-profits Commission) in 2016.
- Started to support students from Angel Home in Bangladesh in 2015.
- Supported a student from Sakura Family Home from 2017 to 2021.
- Started to support students in Kenya in 2017.

# 3. Three Guiding Principles

## 1. Scholarships

Scholarships are the most effective way to provide access to higher education to underprivileged students in developing countries.

## 2. Minimum Overhead Expenses

Thanks to our dedicated volunteers and board members, our overhead expenses are kept under 10 % of the revenues from selling goods and services. Every dollar donated reaches the students.

## 3. Long-term Vision

We support our students for 3-4 years until they become fully qualified. In return, they will help less fortunate people through their working lives and make the world a much better place in the long term.

## 4. Our Partner in Japan

# The International Angel Association

- Established in 1982 in Japan by Mrs Yuriko Kawamura, who wished to return the love and support given to her daughter, Naoko, born with cerebral palsy, to more needy people in developing countries.
- Their mission is to spread "Love over the World".
