

**World  
Scholarship  
Organization**

Hello and a Big Thank-you from our Angels

Dr Muhammad Yunus, Chief Adviser of Bangladesh

# 1. Our Mission

To empower disadvantaged youth in developing countries by providing them with scholarships so that they can overcome poverty and become valued members of their communities.

## 2. About us

- Inspired by Dr Yunus, Chief Adviser of Bangladesh, that education is the key to breaking the cycle of poverty in 2012.
- Founded in 2013 in a Japanese community in Sydney.
- Registered with NSW Fair Trading in 2013.
- Started to support students from Angel Home, a Japanese charity-run orphanage in Bangladesh, in 2015.
- Registered with ACNC (Australian Charities and Not-for-Profits Commission) in 2016.
- Expanded its support to students in Kenya in 2017.

# 3. Three Guiding Principles

## **1. Scholarships**

Scholarships are the most effective way to provide access to higher education to underprivileged students in developing countries.

## **2. Minimum Overhead Expenses**

Thanks to our dedicated volunteers and board members, our overhead expenses stay below 10% of the fundraising revenue. Every dollar donated reaches the students.

## **3. Long-term Vision**

We support our students for 3-4 years until they become fully qualified. In return, they will help those in need throughout their careers.

## 4. Our Partner in Japan The International Angel Association

- Established in 1982 in Japan by Mrs Yuriko Kawamura, who wished to return the love and support received for her daughter, Naoko, born with cerebral palsy, to less fortunate people in developing countries.
- Their mission is to "Spread Love over the World".

Mrs Yuriko Kawamura, the Founder

Mrs Mariko Higashimura, the President

## 5. Our Partner in Bangladesh

### The International Angel Association, Bangladesh

- Founded in 1986 in Dhaka, Bangladesh, to run an orphanage, a school, a medical clinic and a vocational training centre.
- Mr Bari, the executive director, believes in the power of education.
